

Carey: Pro Bono Leading Lights 2019

Feb 10, 2020

This year Carey was highlighted again as "**Pro Bono Leading Lights**", recognition granted by **Latin Lawyer** and the **Cyrus R. Vance Center**.

Through its annual survey, "Leading Lights", this publication recognizes those firms that are committed to encourage their lawyers to perform pro bono work, generating a positive impact on society, both for the free advice provided, as for their efforts to build a strong pro bono infrastructure, both internally as well as in the legal market.
